WARNING! To reduce the risk of serious injury, read the following safety instructions before assembling and using the gazebo.
CAUTION! Always keep children and pets under close supervision while they are using or around this product. Never leave children unattended.

Let us help you!
DO NOT RETURN YOUR PRODUCT TO THE STORE. CALL US FIRST!
 1-888-670-6684 (toll free).

If you have questions regarding your product, require warranty assistance, or have damaged or missing parts, please call our customer service toll-free helpline. Contact us for assistance; we're here to help.

IMPORTANT: Please read and understand this manual before any assembly. Before beginning assembly of product, make sure all parts are present. Compare parts with packaging contents list. If any part is missing, or if you have any questions, contact us at 1-888-670-6684 (toll free).

When assembling wooden parts, do not over-torque the bolts to avoid splitting the wood. See image illustration.

Place all parts from the box in a cleared area and position them on the floor in front of you. Remove all packing materials and place them back into the box. Do not dispose of the packing materials until assembly is complete. Read each step carefully before beginning any assembly and make sure you understand each step. If you are missing a part, please call our Customer Service team at 1-888-670-6684 (toll free).

TOOLS REQUIRED

Needed for assembly: Below tools are not included in the package.

NOTE: Do not over-drill/
Be aware of over-drilling.

Cordless drill

Hammer

Screwdriver

Ladder

5 people

This identifies information that requires special attention. Improper assembly could lead to an unsafe or dangerous condition.

Use Level

Check that set or assembly is properly level before proceeding.

Square Assembly

Check that assembly is square before tightening bolts.

Tighten Bolts

Do not over-torque mounting bolts. Over-tightening may cause the wood to crack creating splinters and other structural damage.

Measure Distance

TABLE OF CONTENTS

CAUTION!

- Proper placement of your gazebo is essential. Do not place the product underneath electrical lines.
- Keep children away during assembly. This product contains small parts which can be swallowed by children.
- Keep fingers away from places where they can be pinched or trapped.
- Do not attempt to assemble the gazebo if any parts are missing.
- Wood is NOT flame-resistant and will burn. Grills, fire pits and chimneys are a fire hazard if placed too close to wooden structures. Consult user's manual of the grill, fire pit or chimney for safe distances from any flammable materials.

IMPORTANT: Wood components are manufactured with cedar wood which is coated with a water-based stain. Knots and small checks (cracks) are naturally occurring and do not affect the strength of the product. It is advisable to annually maintain the wooden parts of the gazebo with a coat of water-based water repellent sealant or outdoor wax oil to protect & enhance the beauty of the wood.

- This product is intended for outdoor use only.
- The product should be assembled on a flat stable surface.
- Do not assemble the gazebo on unstable surfaces.
- Ensure the location and clearance of your gazebo is acceptable.
- The gazebo must be anchored with stakes into the ground for added safety. It is recommended that it should not be permanently attached to a concrete floor or platform.
- This gazebo is not to be regarded as part of a building/house structure. The gazebo is to be anchored onto the ground for added safety. Do not assemble the gazebo onto soil/earth ground. It is best to have the gazebo built onto a wooden deck or concrete ground for stability. If it is to be build onto a wooden deck/ground, do ensure that the wooden deck/ground has a strong foundation. It is advisable to use appropriate floor plugs (not provided) to anchor the gazebo onto the wooden/concrete ground.
- Some structures may require two or more people to install safely. Check for underground utilities before digging or driving stakes into the ground.
- During installation, follow all safety warnings provided with your tools, and use safety glasses.
- In case you set up more than one gazebo, keep a minimum distance of 10' (3 m) between the gazebos.
- Arrange the necessary manpower when assembling or moving the product.
- Some parts may contain sharp edges. Wear protective gloves and glasses if necessary.
- Keep children and pets away while setting up the gazebo.
- Check all nuts and bolts periodically for tightness. When required, tighten them again.
- Repairing and replacing parts should be done by a qualified technician.
- The gazebo is intended for decorative and shade purposes only, and is not designed to withstand harsh weather, including high winds, rain and snow.
- If the product is not being used for long periods of time (e.g., winter), it should be stored in a clean, dry environment.
- Do not put a liquid-propane or wood-burning firepit or fireplace inside the product.
- Do not climb or place heavy objects onto the gazebo roof.
- Retain the original packaging to store and protect the gazebo during the winter months.
- Do not use or enter the gazebo if the following conditions exist:
 - Visible movement of supports, roofing panels or a sagging roof;
 - Unusual noise from the gazebo;
 - Deformed roof panels;
 - Damaged or missing bolts/fasteners.
- Please check your HOA and local government agencies prior to purchasing and assembling gazebos. These local organizations may require permits and may have specific requirements for installation.
- Maintain your instruction manual for future reference.
- Warranty: Please retain you receipt for proof of purchase.

BEFORE YOU BEGIN ASSEMBLY

MAKE SURE ALL PARTS ARE PRESENT

Compare all pieces to the parts and hardware lists, and make sure you have all tools required for assembly.

ASSEMBLE IN A CLEARED AREA

Place all parts from the box on the floor in front of you on a clean, dry, level surface to protect the product as it is being assembled.

REMOVE PACKAGING MATERIALS

Place packing materials back in the box. Do not dispose of packaging materials until assembly is complete.

READ EACH STEP CAREFULLY

Make sure you understand each step. If you have questions, contact CANVAS™ customer service at 1-888-660-6684 (toll-free).

STEP 7

Do note that all 4 horizontal beams are to be horizontal and aligned (Fig. 1 shows wrong alignment). At the 4 corners of the horizontal beams, a small gap is left to allow for expansion of the wood.

While installing the horizontal beams it may be necessary to loosen the bolts and make adjustments to achieve a consistent gap at all 4 corners before tightening the bolts again.

Important notes:

- 1) Adjustment must be made prior to the installation of the roof.
- 2) Do not over-torque the mounting bolts. Over-torquing the bolts will crush the cedar wood.

CARING FOR YOUR ITEM

CAUTION! CHECK ALL SCREWS AND NUTS PERIODICALLY FOR TIGHTNESS, FASTENING THEM AGAIN AS REQUIRED.

Cleaning & Use & Care Instructions

Always keep children under close supervision while they are using or around this product. Never leave children unattended.

This product is intended for outdoor use only.

Do not light any fires below or near the product.

Clean the gazebo with mild soap and water. Rinse thoroughly and wait until the product is dry before reassembling it.

Check all nuts and bolts periodically for tightness. When required, tighten them again.

Disassemble the gazebo in the reverse order of the assembly steps. Always disassemble the gazebo completely. A partially disassembled gazebo is not stable enough to resist wind and bad weather, and therefore can be damaged and/or cause damage.

Remove all excess snow from the roof.

Do not shake, lean or climb on gazebo.

Clean and dry before storing in a dry, sheltered area. Do not use bleach, acid, or other abrasive cleaners on the canopies or frame parts.

Steel components for this gazebo are treated with rust inhibiting paint to prevent and limit rusting. However, due to the nature of steel, surface oxidation (rusting) will occur if these protective coatings are scratched. This is not a defect and thus not covered by the warranty. To minimize this condition, it is recommended to use care when assembling and handling the product to prevent scratching of the paint. Should any scratching or damage occur, it is recommended to cover the scratch immediately with rust inhibiting paint (not included). Surface rust can also be easily removed with a very light application of regular cooking oil. If surface oxidation (rusting) occurs and if no measure is taken to prevent this, the oxidation may start dripping onto deck or patio and cause damaging stains, which may be difficult to remove. This can be prevented if the above-mentioned measures are taken to keep the product from oxidizing.

In the maintenance of the wooden posts or beams of the gazebo, use wood sandpaper of grit 180 to sand the wood surface to remove any foreign stains or dirt. Wipe off the sanding powder and any dirt with a clean dry cloth before applying a coat of protective varnish/wax.

Carefully read the instructions of the varnish/wax oil before application. It is best to try on a small section of wood, check the result and up if satisfied with the result, then apply the varnish/wax oil onto the remaining wooden parts.

Keep instruction manual for future reference.

Keep the original packaging to store the gazebo.

WARRANTY INFORMATION

3 YEARS LIMITED WARRANTY*

This CANVAS product carries a three (3) year warranty against defects in workmanship and materials on the frame and 1 year warranty for the remaining parts. Trileaf Distribution agrees to replace a defective product free of charge within the stated warranty period, when returned by the original purchaser with proof of purchase. This product is not guaranteed against wear or breakage due to misuse and/or abuse.
