Safety Information

1. More than four people are required for this assembly.
2. Some parts may contain sharp edges. Wear protective gloves.
3. When assembling and using this product, basic safety precautions should always be followed to reduce the risk of personal injury and damage to equipment. Please read all instructions before assembly and usage.

DANGER: This unit is heavy! Do not assemble this item alone.

WARNING: While this gazebo is manufactured to withstand winds through only the supplied ground stakes, in areas subject to frequent severe weather, securing the gazebo to a deck, concrete patio or footings should be considered. Snow must be cleared off regularly during snowy days. Remove the snow at the top when it is thicker than 4 inches. In order to avoid damage, use a plastic snow rake to remove excessive snow and ice buildup from roof and keep away from falling debris.

CAUTION: Do not climb on top of the pergola. Falling off the pergola can result in serious injury, possibly even death.

WARNING: Keep all flame and heat sources away from this gazebo fabric. This gazebo is made with fabric that meets CPAI-84 specifications for flame resistance. It is not fire proof. The fabric will burn if left in continuous contact with any flame source. The application of any foreign substance to the gazebo fabric may render the flame-resistant properties ineffective.

Warranty

1 YEAR WARRANTY

WHAT IS COVERED

This limited warranty is extended to the original purchaser and applies to defects in materials and workmanship of your item provided the item is maintained with care and used only for personal, residential purposes. The item is warranted to be free from defects in material or workmanship for a period of 1 year.

WHAT IS NOT COVERED

We do not reimburse for transportation of delivery costs, or compensate the individual or any outside party for assembling or disassembling the product.

Contact the Customer Service Team at 01-800-00-46633 or visit HOMEDEPOT.COM.MX.

Assembly

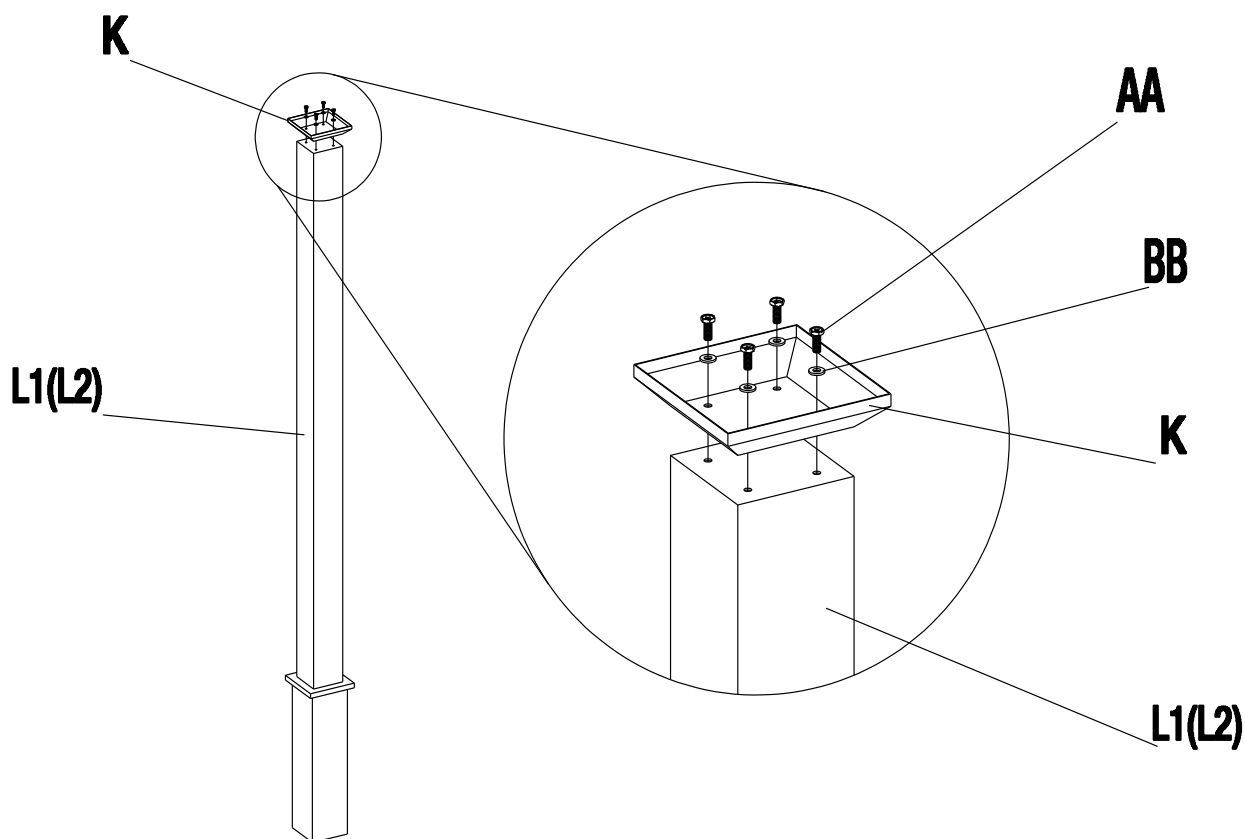

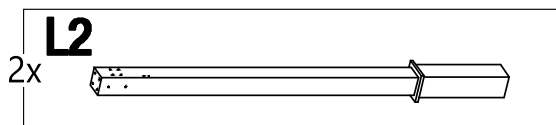

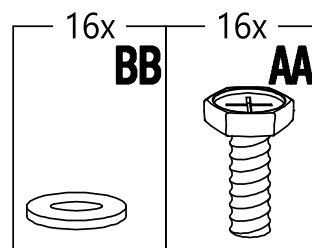

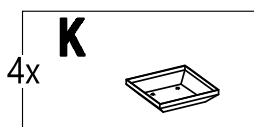

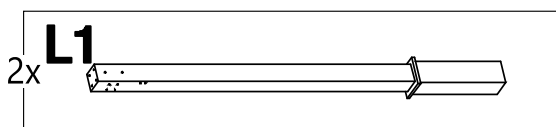

1

Attaching the Decoration

- Attach the Decoration (K) on the Posts (L1&L2) using Bolts (AA) and Washers (BB). Tighten the bolts.

NOTE: To avoid destroying the finish, do not put the parts on the ground directly.

Assembly (continued)

2 Attaching the Stake Covers and Stake Bases

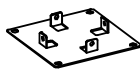

- Insert the Stake covers (M1) over the Posts (L1&L2). Attach the Stake bases (M2) to the bottom of the Posts (L1&L2). Tighten the bolts.

NOTE: To avoid destroying the finish, do not put the parts on the ground directly.

Assembly (continued)

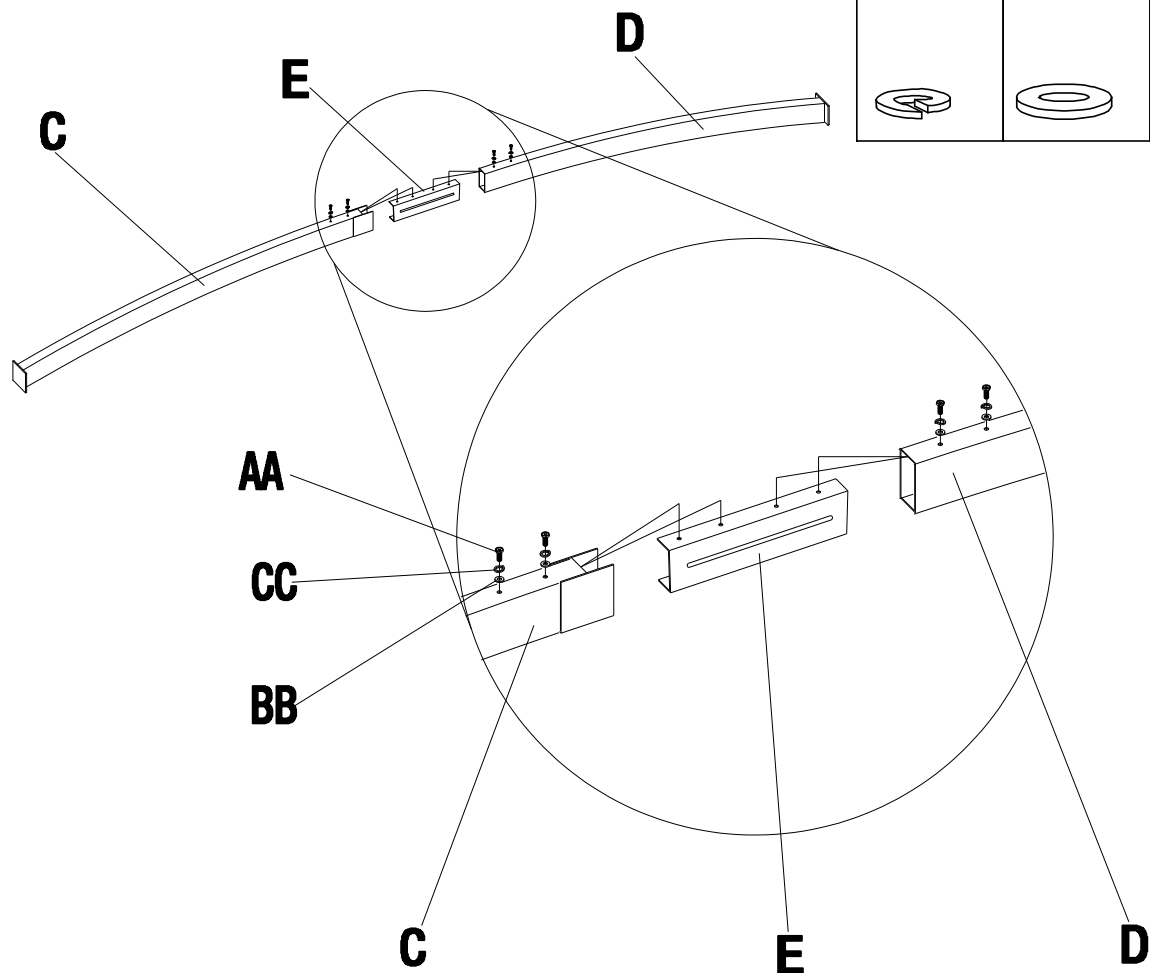

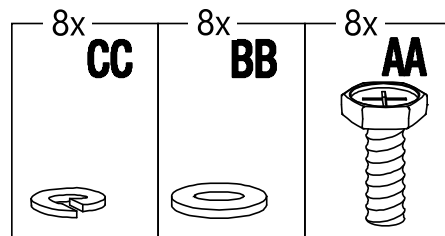

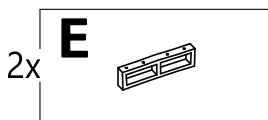

3

Assembling the Curve Beams

- Insert the Curve beam connectors (E) into the Curve beams (C&D) using Bolts (AA), Washers (BB) and Spring washers (CC).

NOTE: To avoid destroying the finish, do not put the parts on the ground directly.

Assembly (continued)

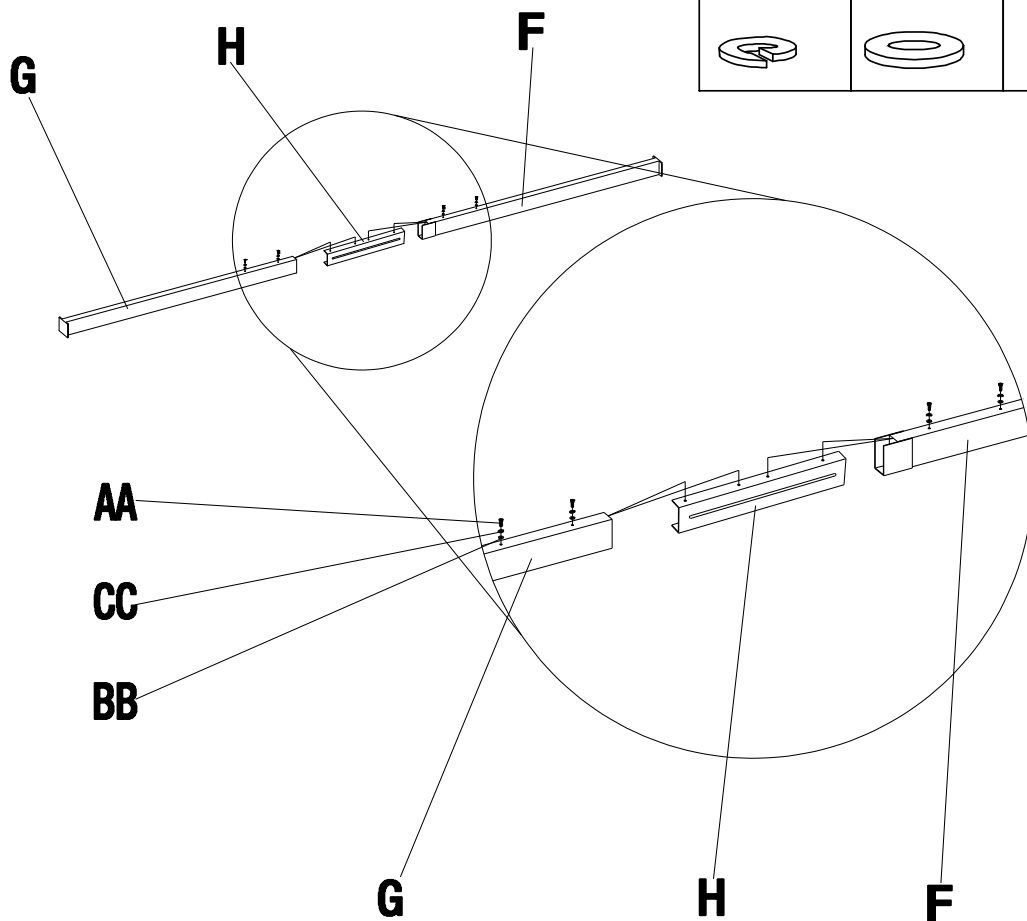

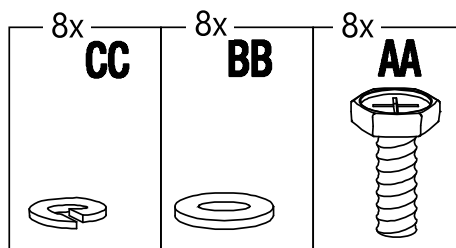

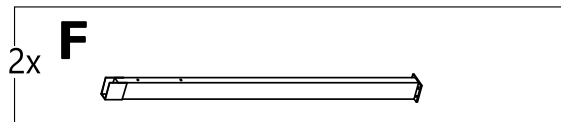

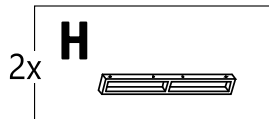

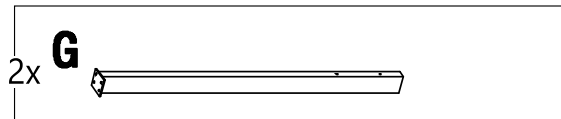

4

Assembling the Cross Beams

- Insert the Cross beam connectors (H) into the Cross beams (F&G) using Bolts (AA), Washers (BB) and Spring washers (CC).

NOTE: To avoid destroying the finish, do not put the parts on the ground directly.

Assembly (continued)

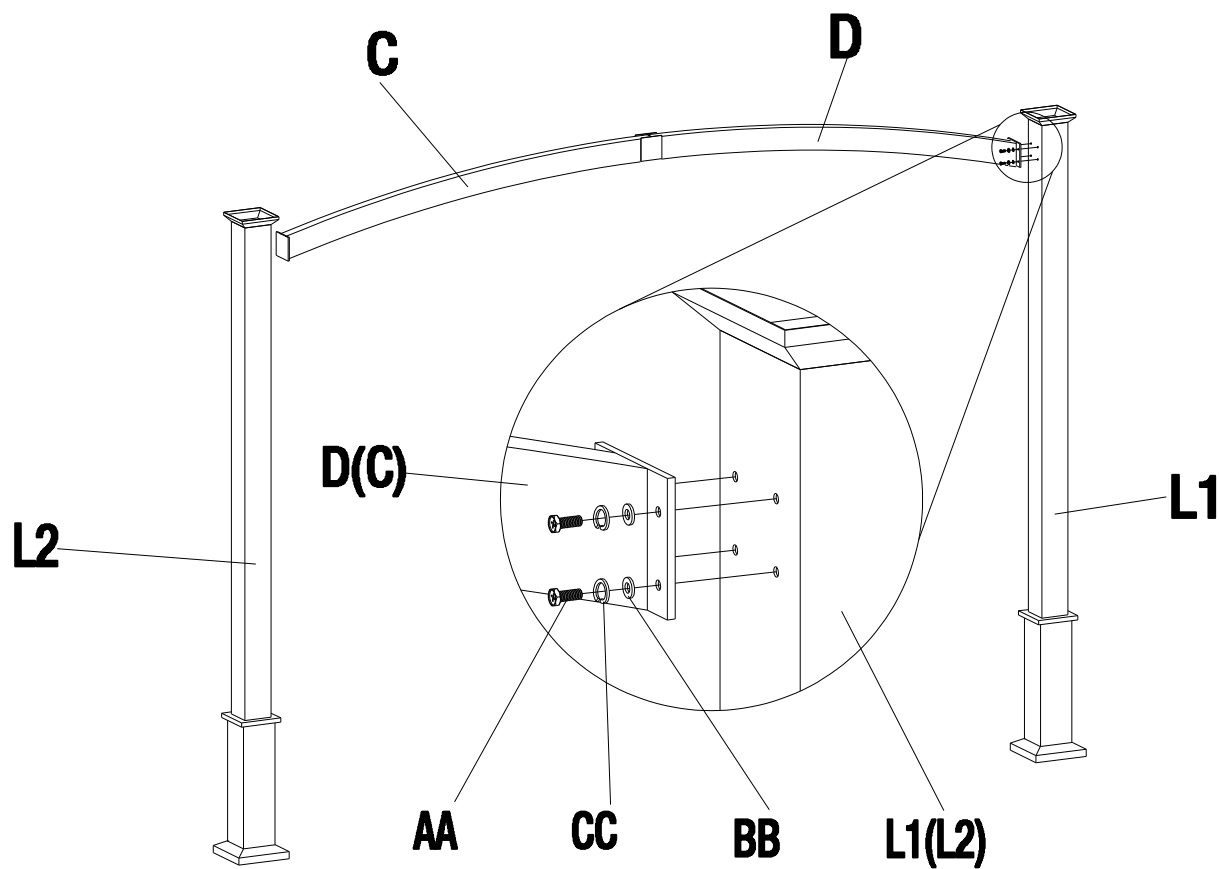

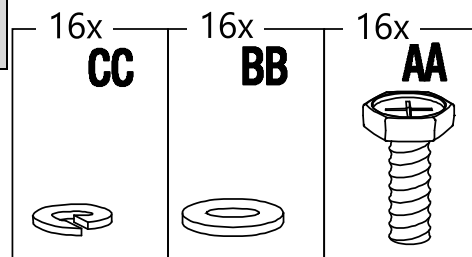

5

Attaching the Curve Beams

- Attach the assembled Curve beams (C&D) to the Posts (L1&L2) using Bolts (AA), Washers (BB) and Spring washers (CC). Tighten the bolts.

NOTE: To avoid destroying the finish, do not put the parts on the ground directly.

Assembly (continued)

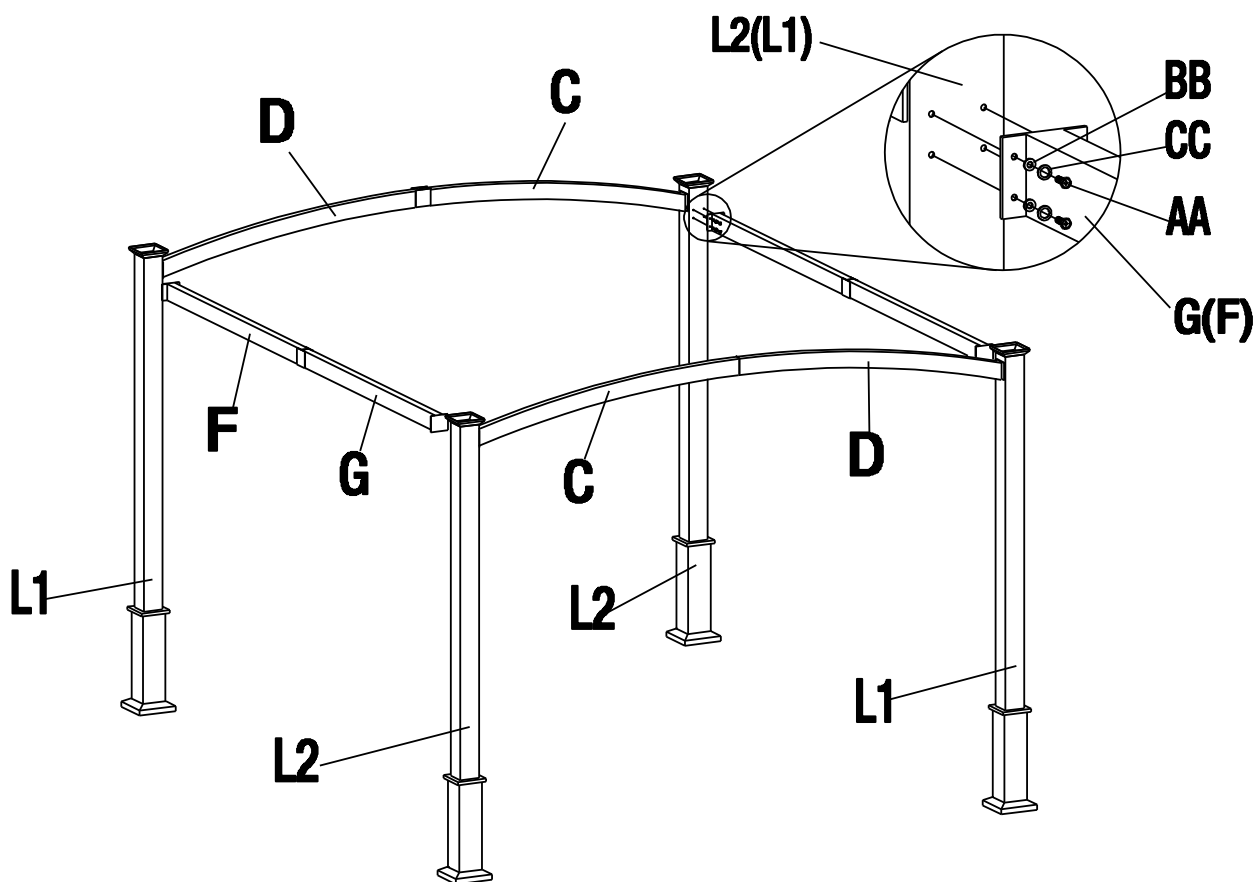

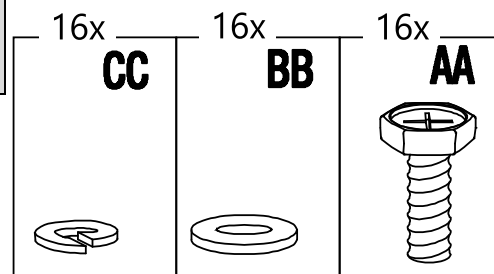

6

Attaching the Cross Beams

- Attach the assembled Cross beams (F&G) to the Posts (L1&L2) using Bolts (AA), Washers (BB) and Spring washers (CC). Tighten the bolts.

NOTE: To avoid destroying the finish, do not put the parts on the ground directly.

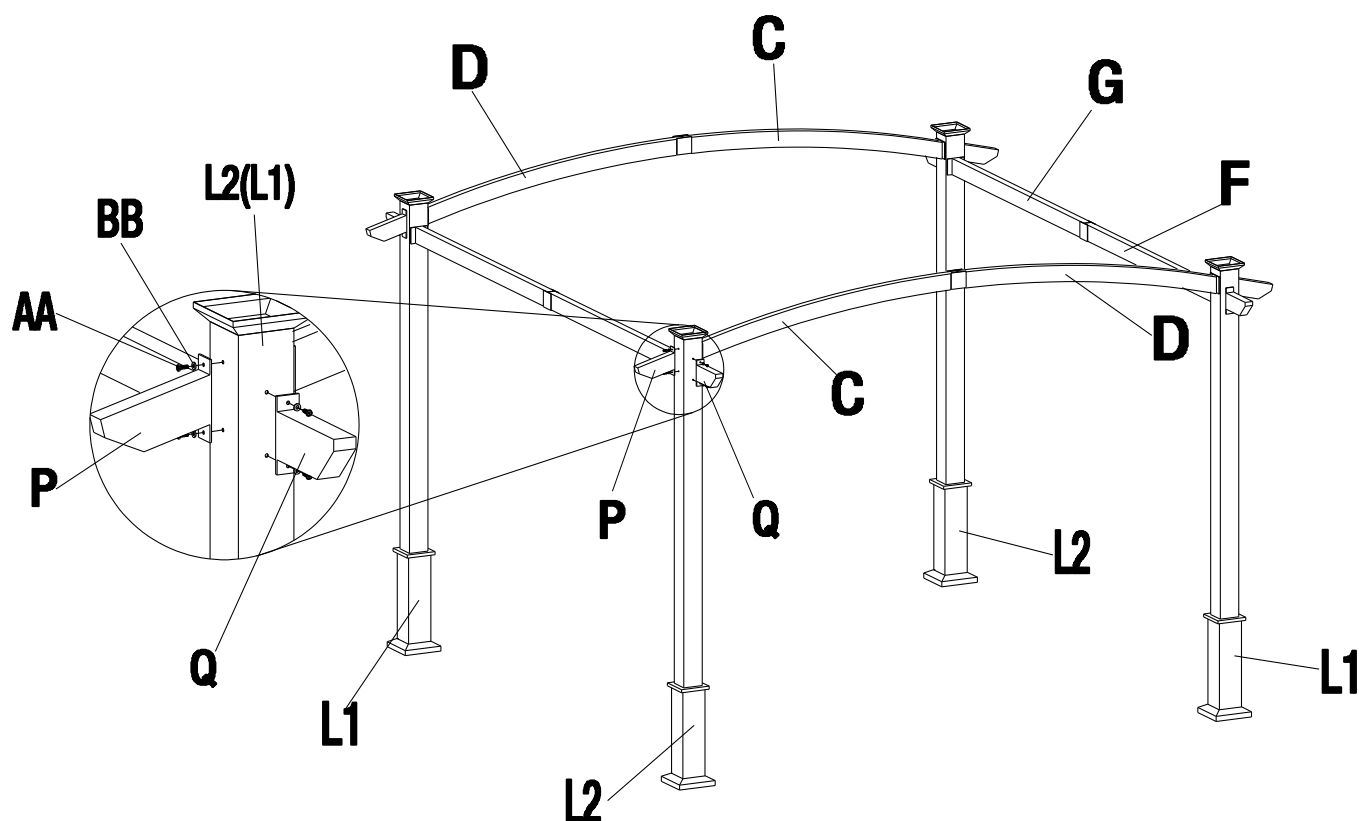

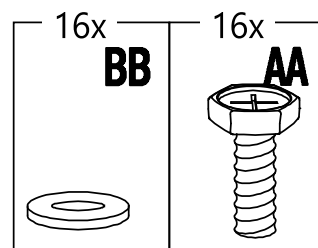

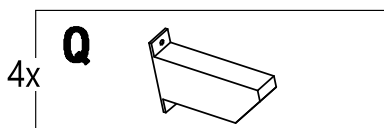

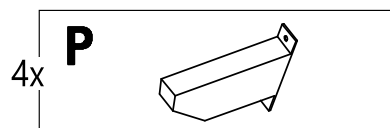

Assembly (continued)

7 Connecting the Cross Beams

- Attach the Décor (P&Q) on the Posts (L1&L2) using Bolts (AA) and Washers (BB). Tighten the bolts.

NOTE: To avoid destroying the finish, do not put the parts on the ground directly.

Assembly (continued)

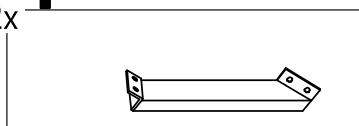

8 Attaching the Curve Supports

- Attach the Curve supports (I&J) to the Posts (L1&L2) and Cross beams (F&G) using Bolts (AA), Washers (BB) and Spring washers (CC).

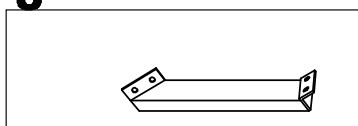

NOTE: To avoid destroying the finish, do not put the parts on the ground directly.

Assembly (continued)

9 Connecting the Top Beams

- Connect the Top beam 1 (A) with Top beam 2 (B) using Bolts (EE) and Washers (BB).

NOTE: To avoid destroying the finish, do not put the parts on the ground directly.

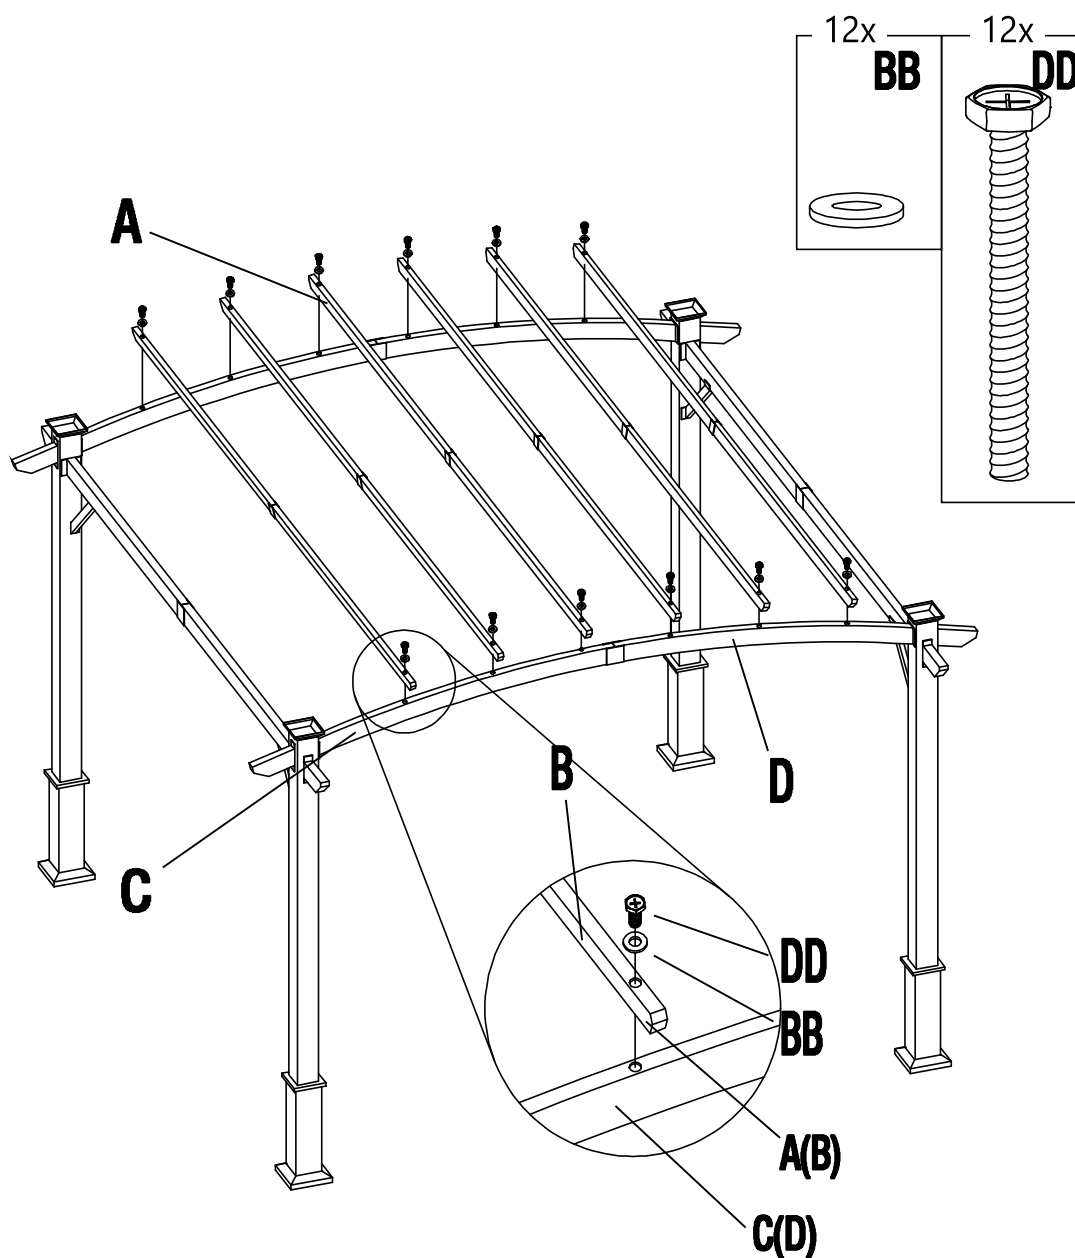

Assembly (continued)

10 Attaching the Top Beams

- Attach the assembled Top beams (A&B) to the Curve beams (C&D) using Bolts (DD) and Washers (BB).

NOTE: To avoid destroying the finish, do not put the parts on the ground directly.

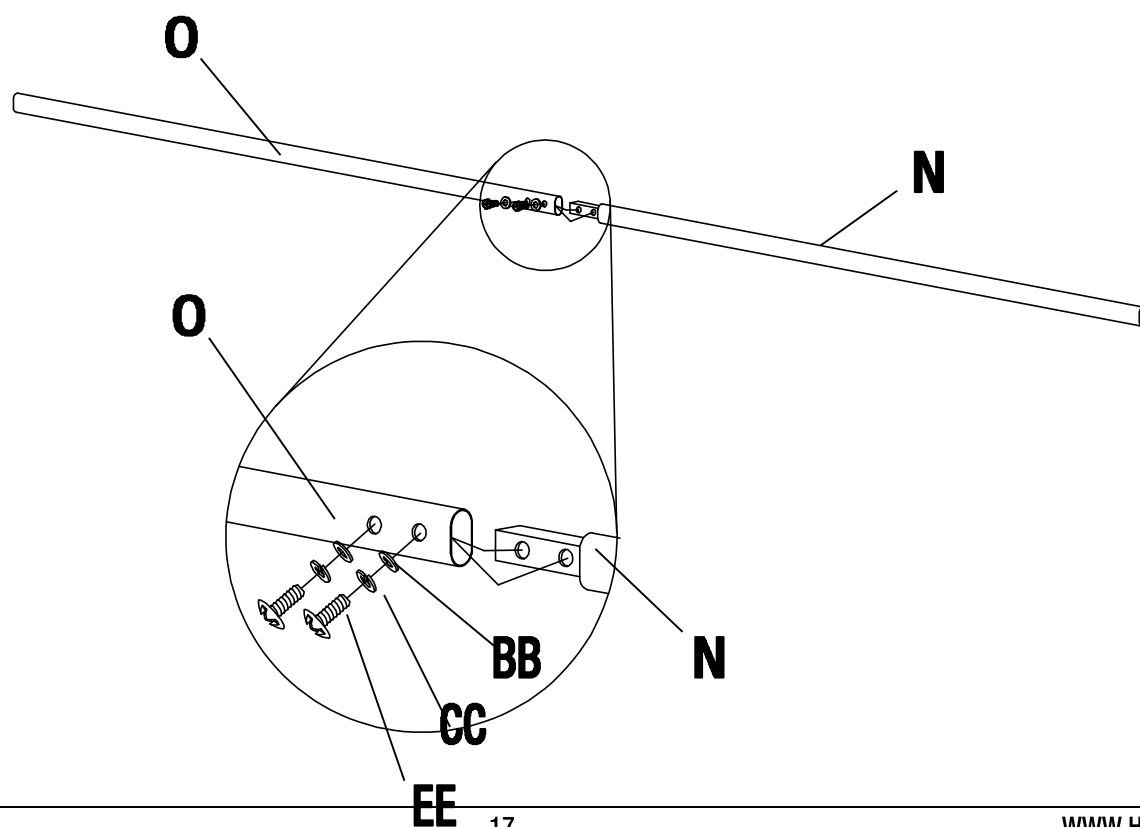

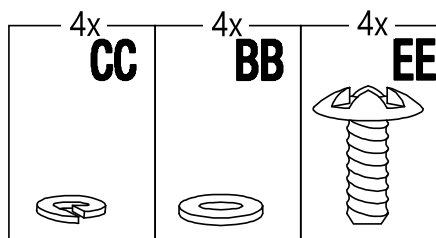

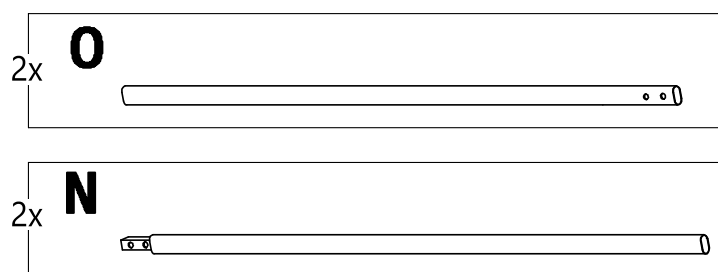

Assembly (continued)

11 Connecting the Canopy Tubes

- Connect the Canopy tube 1 (N) with Canopy 2 (O) using Bolts (EE), Washers (BB) and Spring washers (CC).

NOTE: To avoid destroying the finish, do not put the parts on the ground directly.

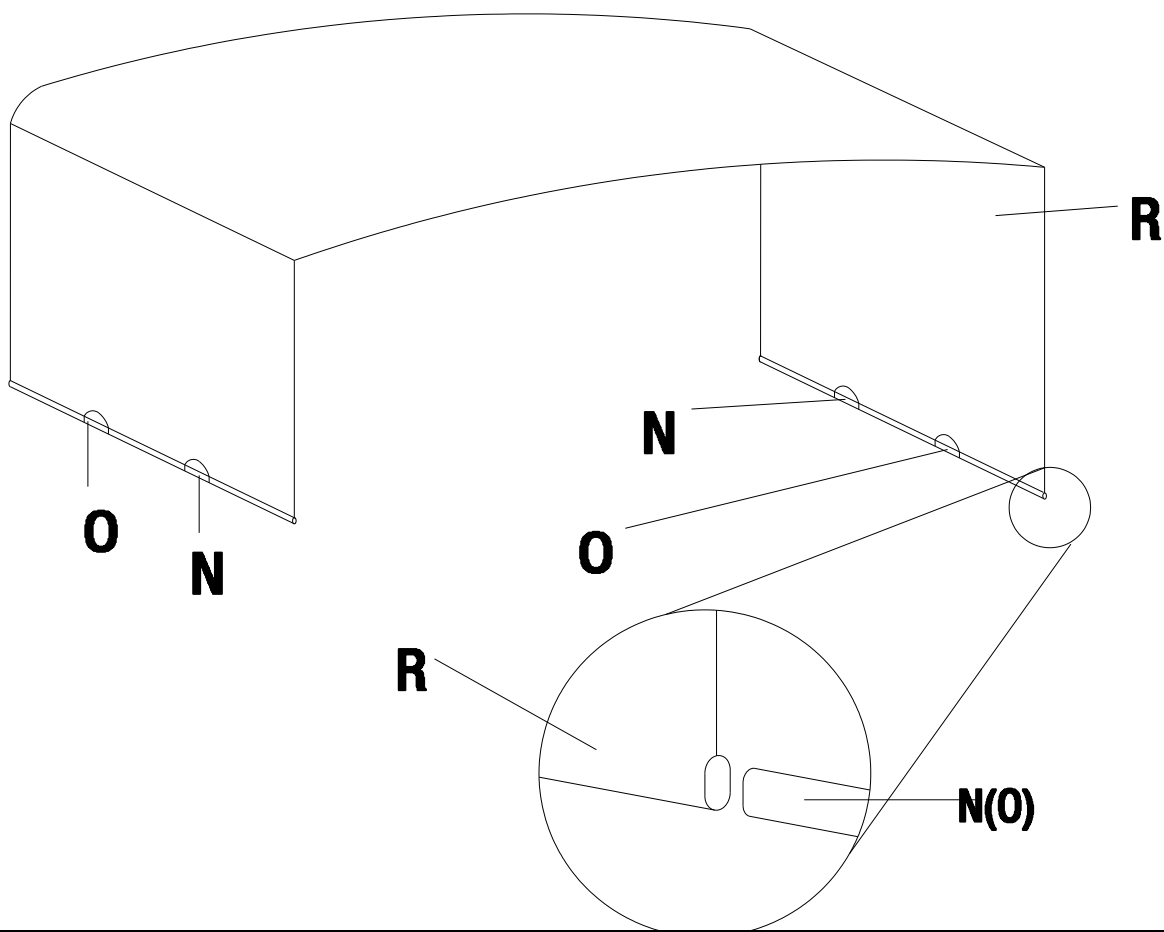

Assembly (continued)

12 Inserting the Canopy Tubes

- Insert the assembled Canopy tubes (N&O) into the Canopy (R).

NOTE: To avoid destroying the finish, do not put the parts on the ground directly.

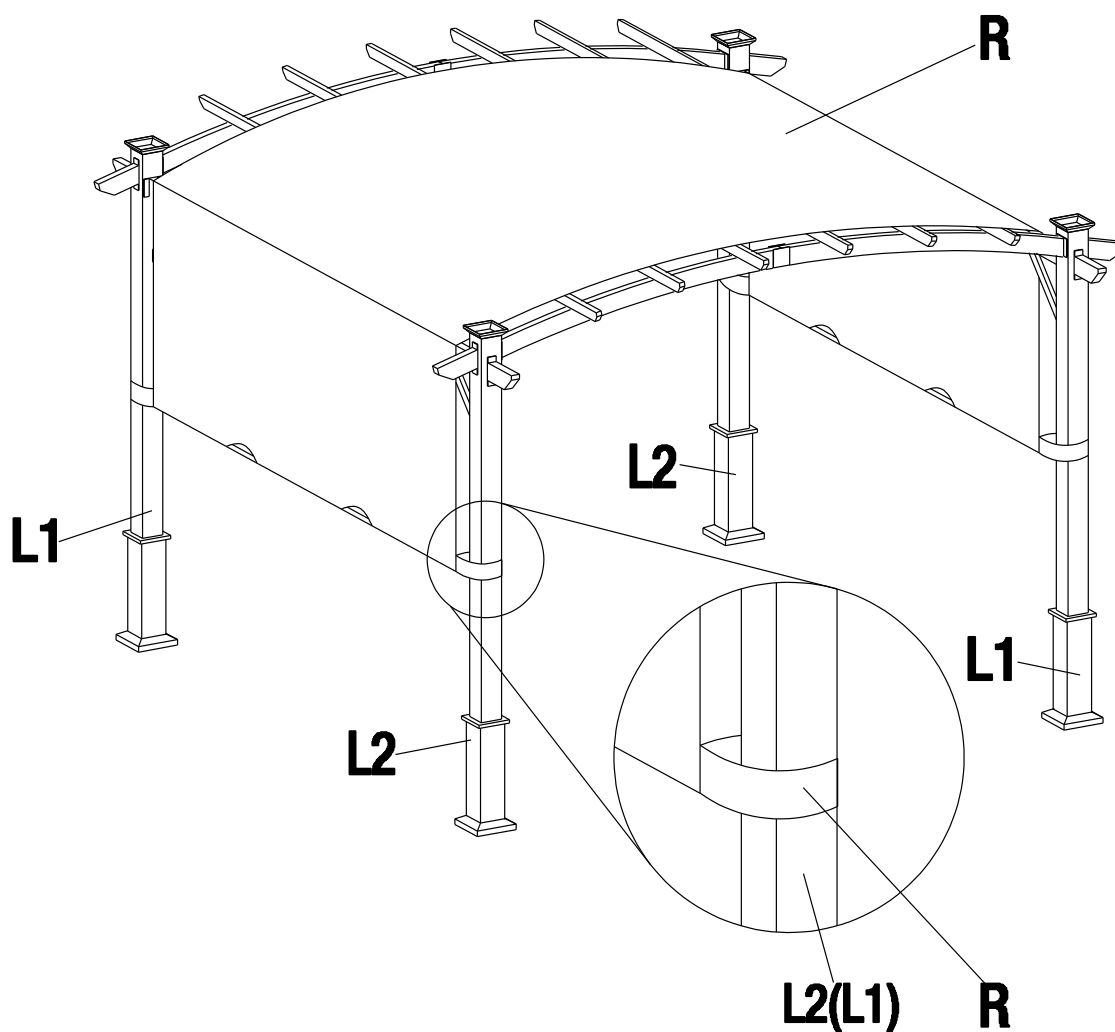

Assembly (continued)

13 Attaching the Canopy

- Place the Canopy (R) over the pergola by attaching to the Posts (L1&L2) as shown.

NOTE: To avoid destroying the finish, do not put the parts on the ground directly.

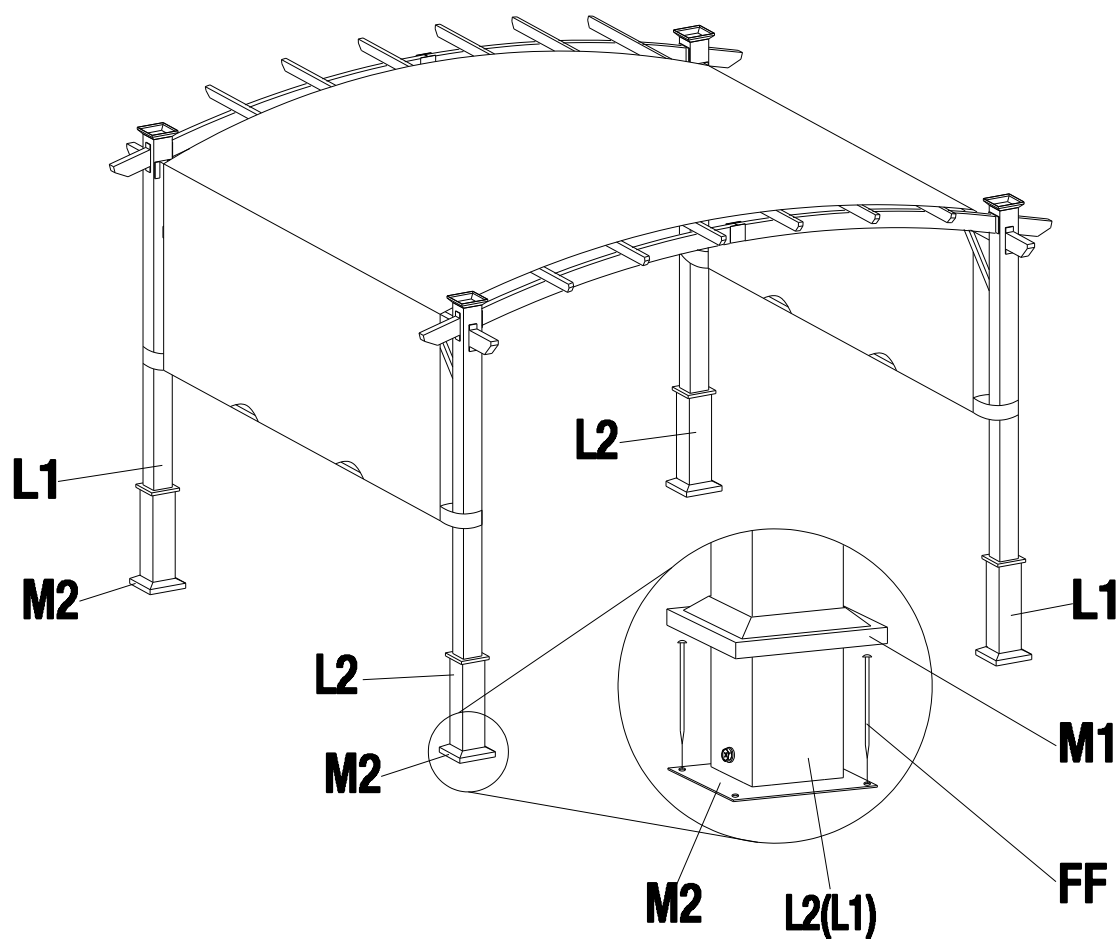

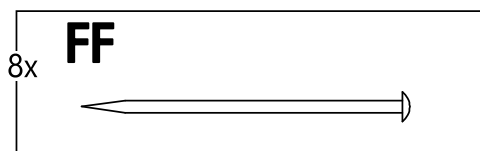

Assembly (continued)

14 Securing the Pergola

- Secure the pergola to the lawn using the Stakes (FF).
- It is recommended for anchoring on wood or concrete surface for more stability using setscrew (Purchased separately).

NOTE: To avoid destroying the finish, do not put the parts on the ground directly.

Care and Cleaning

- Steel components for this pergola are treated with rust inhibiting paint that protects it from rusting. However, due to the nature of steel, surface oxidation (rusting) will occur if these protective coatings are scratched. This is not a defect and thus not covered by the warranty. To minimize this condition, it is recommended to use care when assembling and handling the product to prevent scratching the paint. Should any scratching or damage occur, it is recommended to cover the scratch immediately with rust inhibiting paint (not included). Surface rust can also be easily removed with a very light application of regular cooking oil. If surface oxidation (rusting) occurs and if no measure is taken to prevent this, the oxidation may start dripping onto deck or patio and caused damaging stains, which may be difficult to remove. This can be prevented if the above-mentioned measures are taken to keep the product from oxidizing.
- Do not use bleach, acid, or other abrasive cleaners on the roof or frame parts.
- Keep instruction manual for future reference.
- Keep the original packaging to store the pergola.
- Remove canopy during bad weather and windy conditions.
- When not in use, store in a cool, dry area.
